ITC introduces handrolled Armenteros cigars

Armenteros cigars have exquisite wrapper leaf that comes from Cuban seed tobaccos. The cigars are packed in a specially designed wooden box, created with a unique hand crafted inverted curves design. The Cedar inlayer inside the box compliments the woody and earthy aromas of the cigars. Available in the most popular cigar sizes — Churchill, Torpedo, Corona, Petit Corona and Robusto — the

Armenteros portfolio consists of eight pack sizes comprising three, five and 10 cigars.
